Meeting set to discuss closure of US 41/Scheuring Road interchange *Conversation to focus on 2011 construction schedule in Brown County*

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region office in Green Bay is holding a public information meeting to discuss construction staging and scheduling for the second phase of the Scheuring Road interchange reconstruction project in Brown County. The open house meeting is from 5 p.m. to 7 p.m. on Thursday, Jan. 13, 2010 at the US 41 Brown County Project Office, 1940 W. Mason Street, Green Bay. There will be a brief presentation at 5:15 p.m.

The Scheuring Road interchange project incorporates several features to enhance safety and traffic flow. Improvements include:

- Reconstruct the Scheuring Road interchange
- Construct roundabouts along Scheuring Road at the US 41 ramps, Mid Valley/PDQ drives and Lawrence Drive
- Remove the Scheuring Road/Mid Valley Drive (north) intersection
- Realign Mid Valley Drive (north) near the intersection with Eisenhower Drive

The first phase of the \$14.7 million project began in August 2010 when construction was initiated on the Scheuring Road roundabouts at the intersections with Lawrence Drive and Mid Valley/PDQ drives. In 2011, the US 41/Scheuring Road interchange will close to all traffic from mid-February through mid-September. During that time, the bridge over the highway and interchange on-and-off ramps will be reconstructed with multilane roundabouts built at the ramp terminals.

-MORE-

The ramps are scheduled to reopen by mid-July, with the remainder of the interchange completed by mid-September. During the closure, motorists are encouraged to use the Freedom Road and Main Avenue interchanges as alternate routes.

The public is encouraged to attend the meeting to provide input and ask questions about the project. Construction displays and schedule information will be available.

If you find you are unable to attend the meeting and would like more information contact Project Manager Chad DeGrave at (920) 492-2221 or send e-mail to chad.degrave@dot.wi.gov. The public meeting facility is wheelchair accessible. Hearing impaired persons needing assistance may call the Wisconsin Telecommunication Relay System (dial 711). To allow time for arranging assistance, please call no later than three working days prior to the meeting.
